

BHAVESH WASNIK

Email: bhaveshwasnik25@gmail.com | Phone: +91 7498454378

GitHub: [Bhavesh-wasnik](#) | LinkedIn: [Bhavesh25](#)

SKILLS

Languages: C, C++, Python, Java, JavaScript

Frontend: HTML5, CSS3, React.js, Next.js, Tailwind CSS

Backend: Node.js, Express.js, RESTful APIs

Databases: MongoDB, MySQL

Core Concepts: Data Structures & Algorithms, OOP, Problem Solving, DBMS, OS

Basics Tools & Platforms: Git, GitHub, VS Code, Postman, Figma

EXPERIENCE

Software Development Intern — Elite Tech Solution (Jan 2025 – Feb 2025)

- Developed and maintained web applications using HTML5, CSS3, JavaScript, and Python
- Implemented features, fixed bugs, and performed debugging/testing to improve application stability
- Collaborated with a team of developers using Git for version control and code reviews
- Applied Object-Oriented Programming (OOP) and software engineering principles to design modular, reusable code.

Warehousing Digital Intern — Flipkart SCOA (Apr 2025)

- Worked with digital warehouse management systems to track inventory and ensure 100% data accuracy
- Optimized workflows and improved operational efficiency through system monitoring and documentation
- Coordinated with cross-functional teams to streamline processes and maintain daily reports
- Strengthened analytical, communication, and problem-solving skills in a fast-paced environment

PROJECTS

Mac AI – Speak Smart. Live Smart | MERN + Gemini API

- Developed a full-stack AI voice assistant using React.js, Node.js, Express.js, and MongoDB with speech-to-text and text-to-speech capabilities
- Integrated Gemini API to generate contextual responses similar to Google Assistant for real-time conversations
- Implemented 10+ voice commands including web search, YouTube automation, weather updates, time queries, and general knowledge responses
- Designed RESTful APIs and managed user data with MongoDB for scalable performance
- Tested by 5+ users with continuous improvements in response accuracy and usability.

Spotify Clone | HTML, CSS, JS

- Built a responsive music player UI with dynamic DOM manipulation and reusable components
- Implemented play/pause, progress bar, and track controls using JavaScript
- Optimized layout for mobile and desktop screens with modern CSS

Netflix Clone | HTML, Tailwind CSS

- Developed a mobile-first streaming platform UI using Tailwind CSS utility classes
- Created reusable sections including navbar, banners, movie rows, and cards
- Improved performance and responsiveness with component-based design

CERTIFICATIONS

C & C++ — ACPE (2025) • AINCAT (2025) • HTML & CSS Bootcamp • JavaScript Bootcamp • Python Bootcamp

EDUCATION

Bachelor of Computer Applications (2024–2027)

Dr. S. C. Gulhane Prerna College, Nagpur

CODING PROFILES

LeetCode | [LINK](#)

Solved 50+ Easy–Medium Data Structures & Algorithms problems covering Arrays, Strings, Recursion, Linked Lists, and Trees

GeeksforGeeks | [LINK](#)

Practiced 50+ C++ based problem-solving and logic-building questions focused on DSA and core Computer Science fundamentals

CodeChef | [LINK](#)

Solved 150+ Easy–Medium problems and participated in contests to strengthen logic building, algorithmic thinking, and coding speed

Strong proficiency in C++ problem solving, Data Structures, Algorithms, Time Complexity Analysis, and Optimization
